

Nr.3 Homolj mountain, Danube gorge and Deliblato desert 2 days / 2 nights

This unique tour with our legendary 4x4 yellow "Panda" will take You to a circular voyage to east Serbia. The tour is departing from the north, from Novi Sad and it will take you with alternative transfer means by the highway all the way to Homoljske Mountains, where the official tour will start. Next day you will be passing through tick forest landscapes, full of natural river springs. The landscapes will take your breath away as the view descends down the mountain slopes. You will feel the untainted mountain spirit as you'll be passing through forest roads and mountain paths. This region is famous by well-preserved sights of medieval heritage , folklore costumes ,old craftsmanship and traditional architecture. Your experience will be completed by enjoying the traditional cuisine prepared in authentic village households. The road will lead you further towards Danube and Banat with unique Deliblatska sand-plane, Serbian desert -in the hart of Europe. Driving through the sand plane is a unique experience and a challenge as per the fact that it is leading through the sand-paths.

Tour will end with the return to Novi Sad

Tour includes driving in the line guided by our guides on the head of the line, and participants of the tour will all be connected by radio stations during entire journey. There is a possibility to take turns between the participants on the front of the line with our guide as agreed between participants.
